OUR PROCESS

Have an idea?

Your idea can reach here soon!

ANALYSIS: We go through your concept/ideas and provide you with solutions of how they can be converted into a software. When you feel that the software we suggested is matching your requirements, we provide you with the total estimates.

DESIGN: This involves making the entire architecture of the app. Our expert designers create innovative and splendid user interface keeping in mind the smooth user experience based on the scope of the project.

DEVELOPMENT: We develop software with trending technologies which involves the transformation of designs into coding which were created by our expert designers.

OUR PROCESS

Have an idea?

Your idea can reach here soon!

QA: Once the software is developed, it undergoes through testing to confirm the accomplishment of the requirements. If there are any kind of erros or bugs then they will be eliminated at this stage.

DEPLOY: The final stage of a software is the deployment to their respected store which is then available to the end users. Last but not least, we provide support and maintenance of the project free for 3-6 months after it's completed.

CLIENT TESTIMONIALS

AIMEE-LOUISE CARTON

Oh my goodness! We are absolutely blown away!
I want to thank you once again for the utterly amazing job! Everyone we have shown it to has been blown away by it, so seriously well done!

PAUL OSBORNE

I have been working with Square Root for more than 5 years and have never regretted it. I will continue working with Square Root as they have always been flexible and responsive to my needs. The product that Square Root delivers always surpasses my expectations and allows me to focus my attention on other areas as i know that development is not something that i need to worry about. Looking forward to a successful future with Square Root.

AVRIL McMONAGLE

Square Root is at top notch with their professionalism and their ability to keep up to date at every stage of the project. My experience with Square Root has been extremely positive and productive.
The team at Square Root is very talented and innovative group of people with huge passion for what they do. I feel very fortunate to discover Square Root who deliver to the highest standards.

CLIENT TESTIMONIALS

ALKIS MITSOTAKIS

I rarely come across real talents who stand out like Square Root. I had the pleasure of working with this team for developing my idea which was brought to life in the form of an award-winning mobile app in Lightning (LED) industry. Square Root team were very responsive, adaptable to changes and always available. As an app developer company, Square Root earns my highest recommendation.

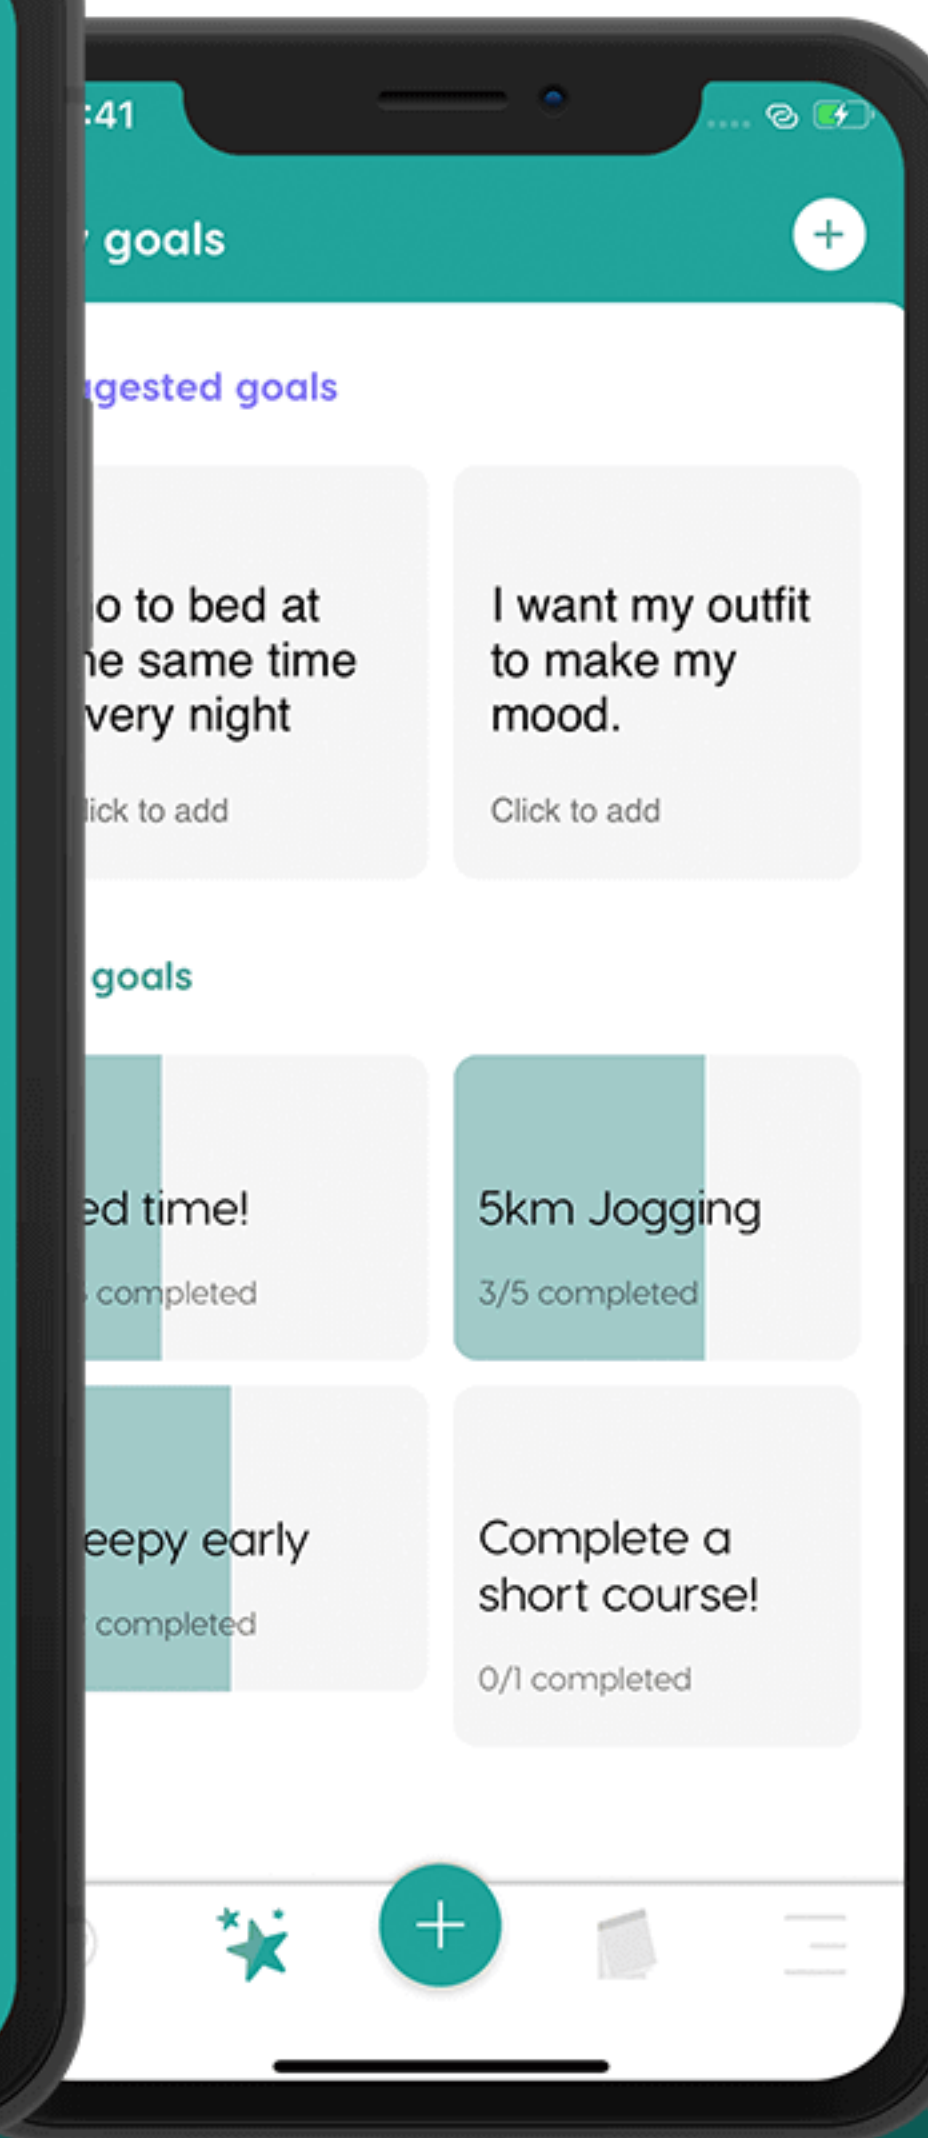

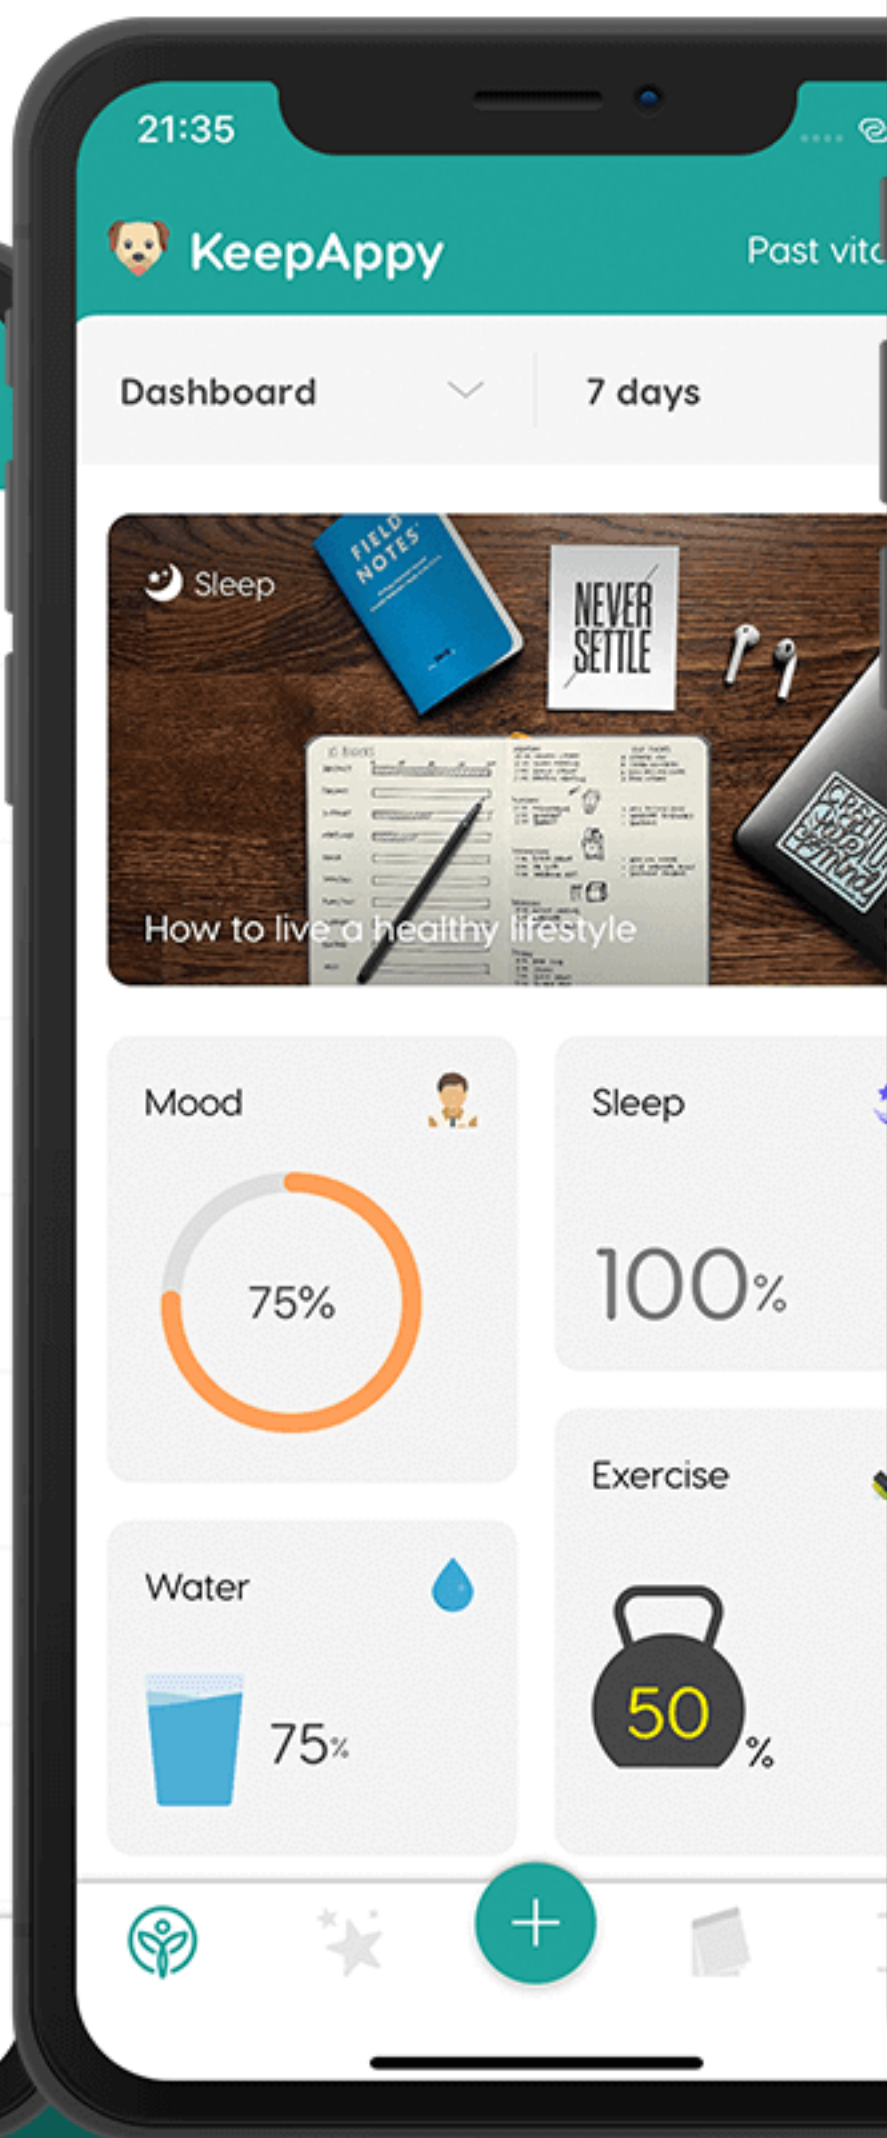

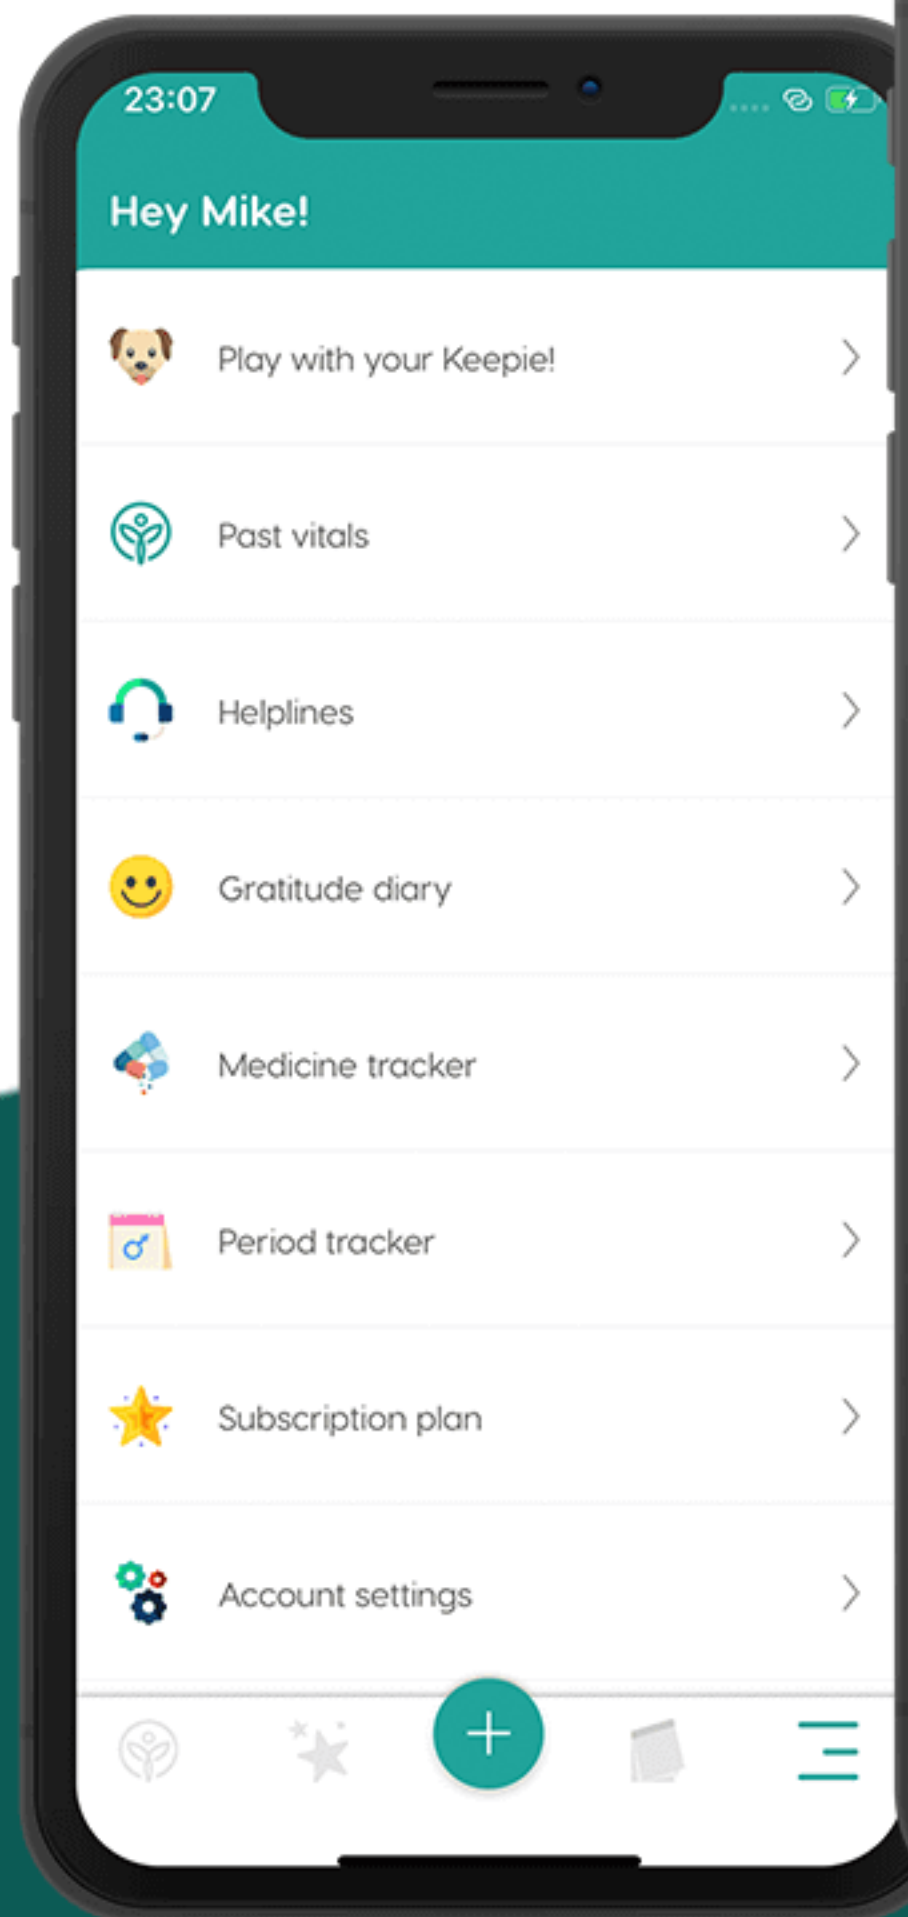

BETINA ISTED

I have rarely experienced such a dedicated supplier, The Square Root team are driven by delivering the best product. Their service and commitment is in the top class! Currently, the finished product has earned over 10,000 downloads and 6,500 unique users due to its engaging UI/UX and reliable performance. Square Root's honest feedback, rapid turn-around time, and problem-solving skills continue to strengthen the partnership.

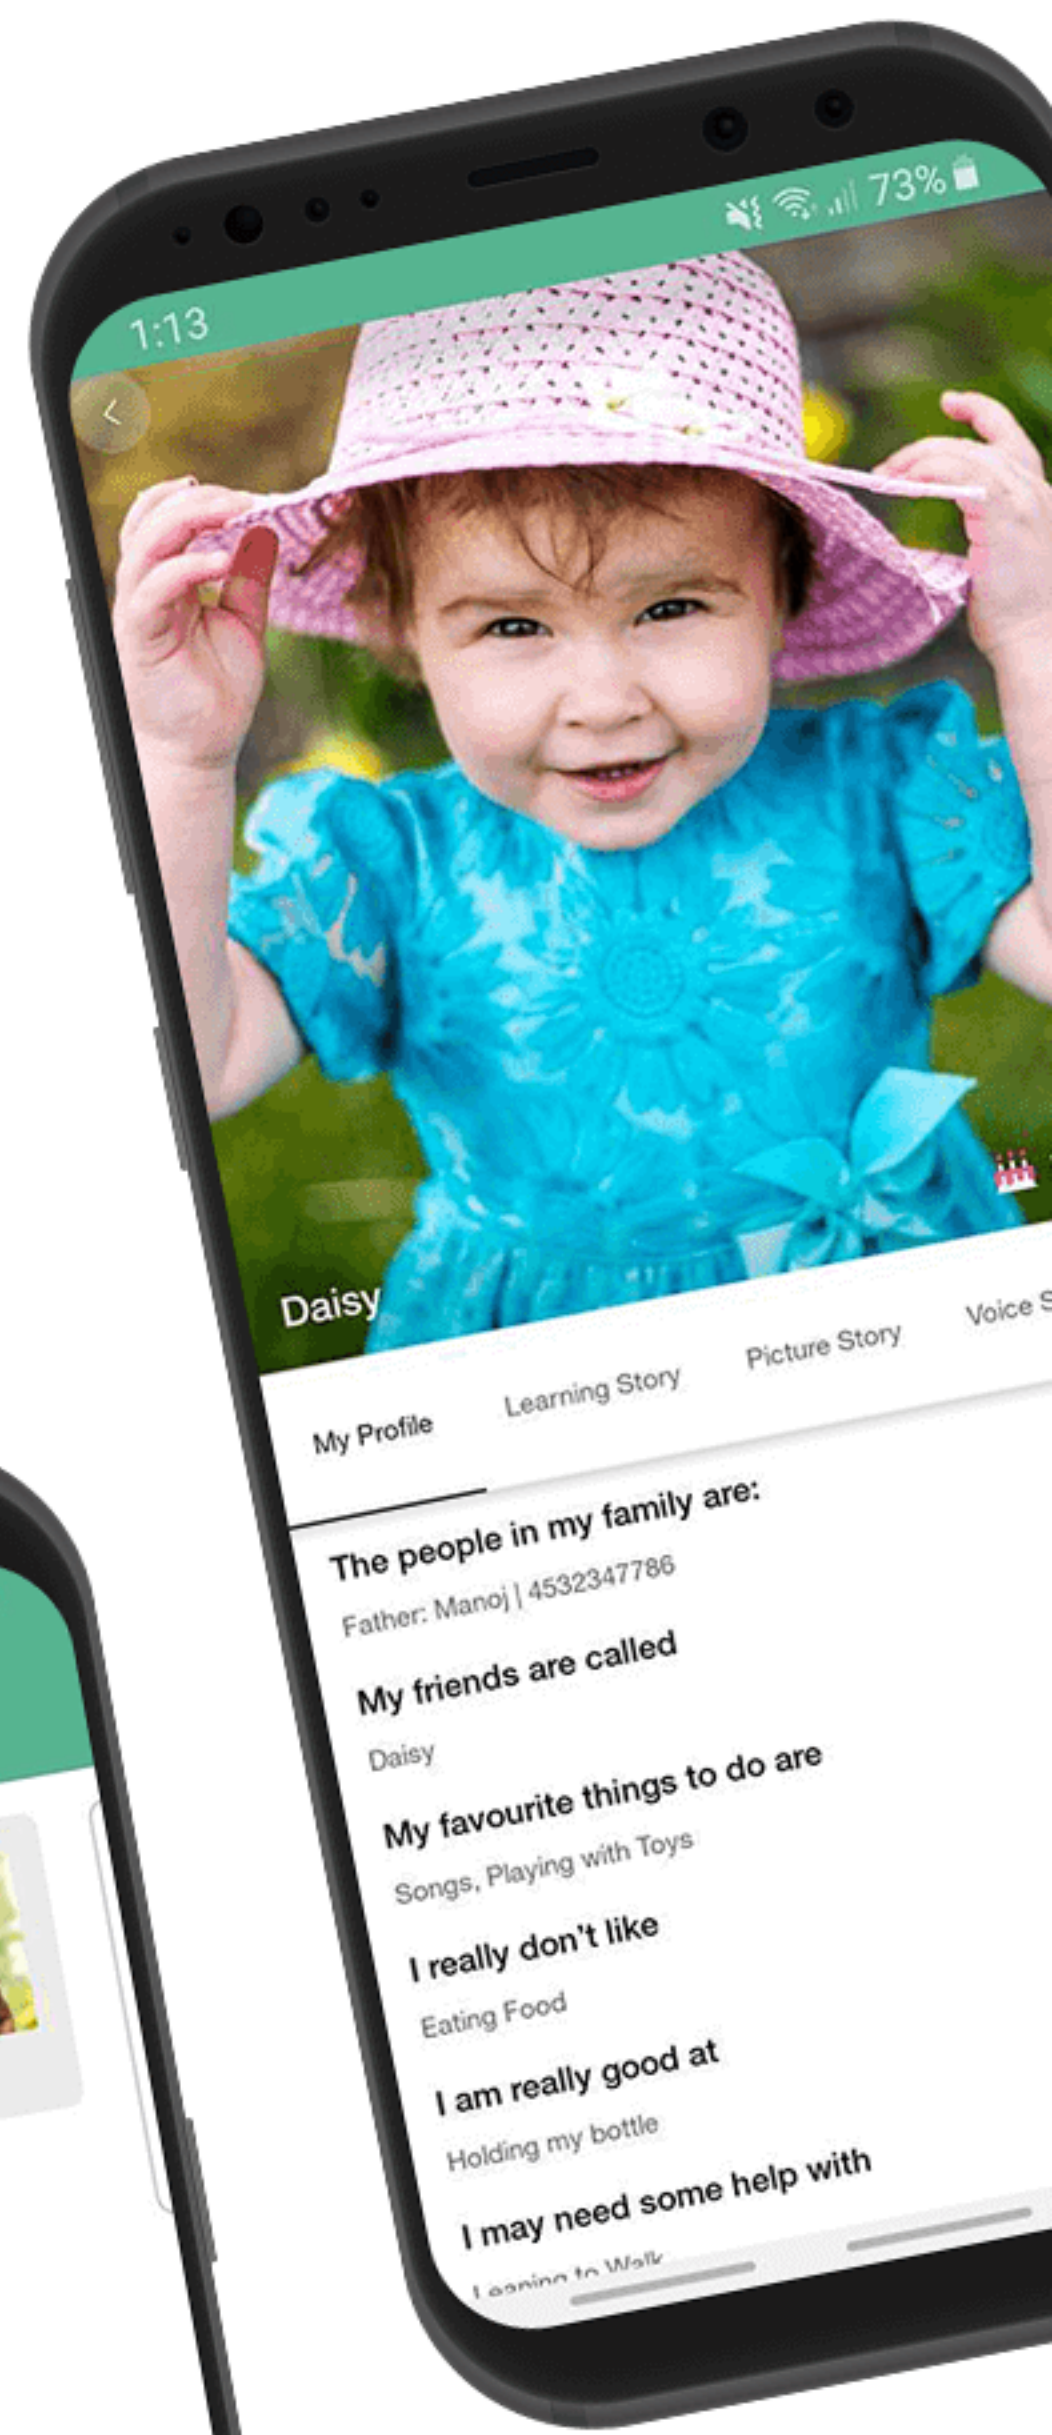

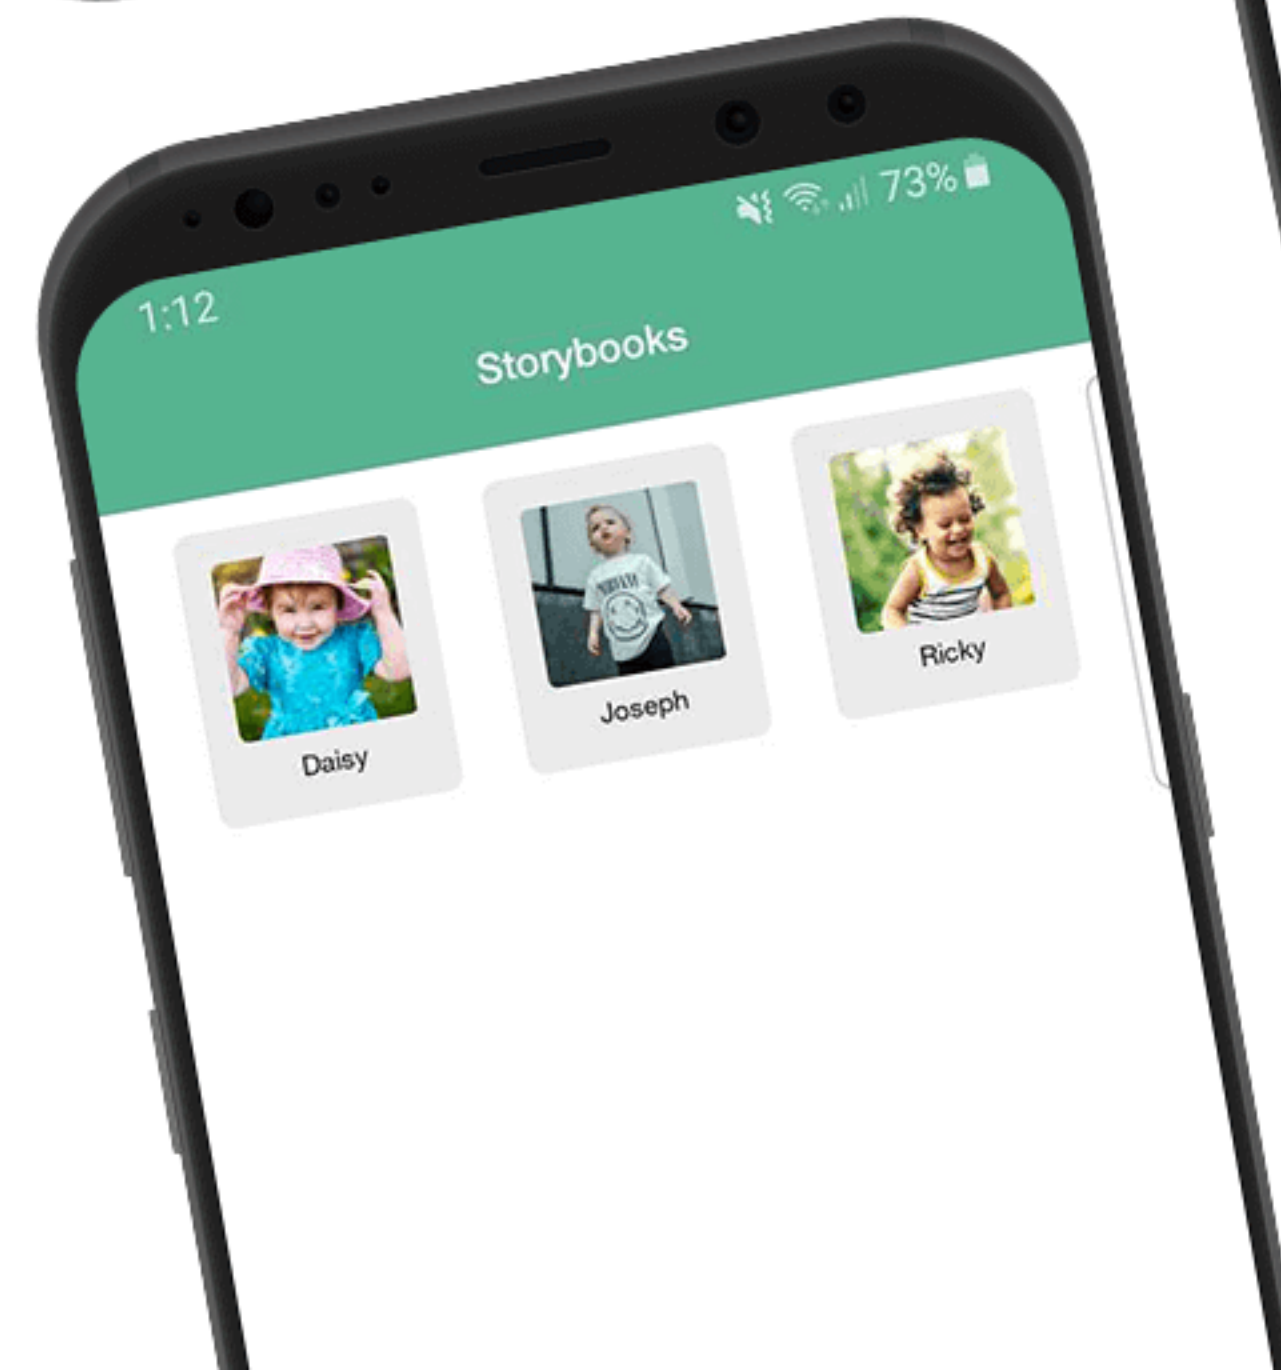

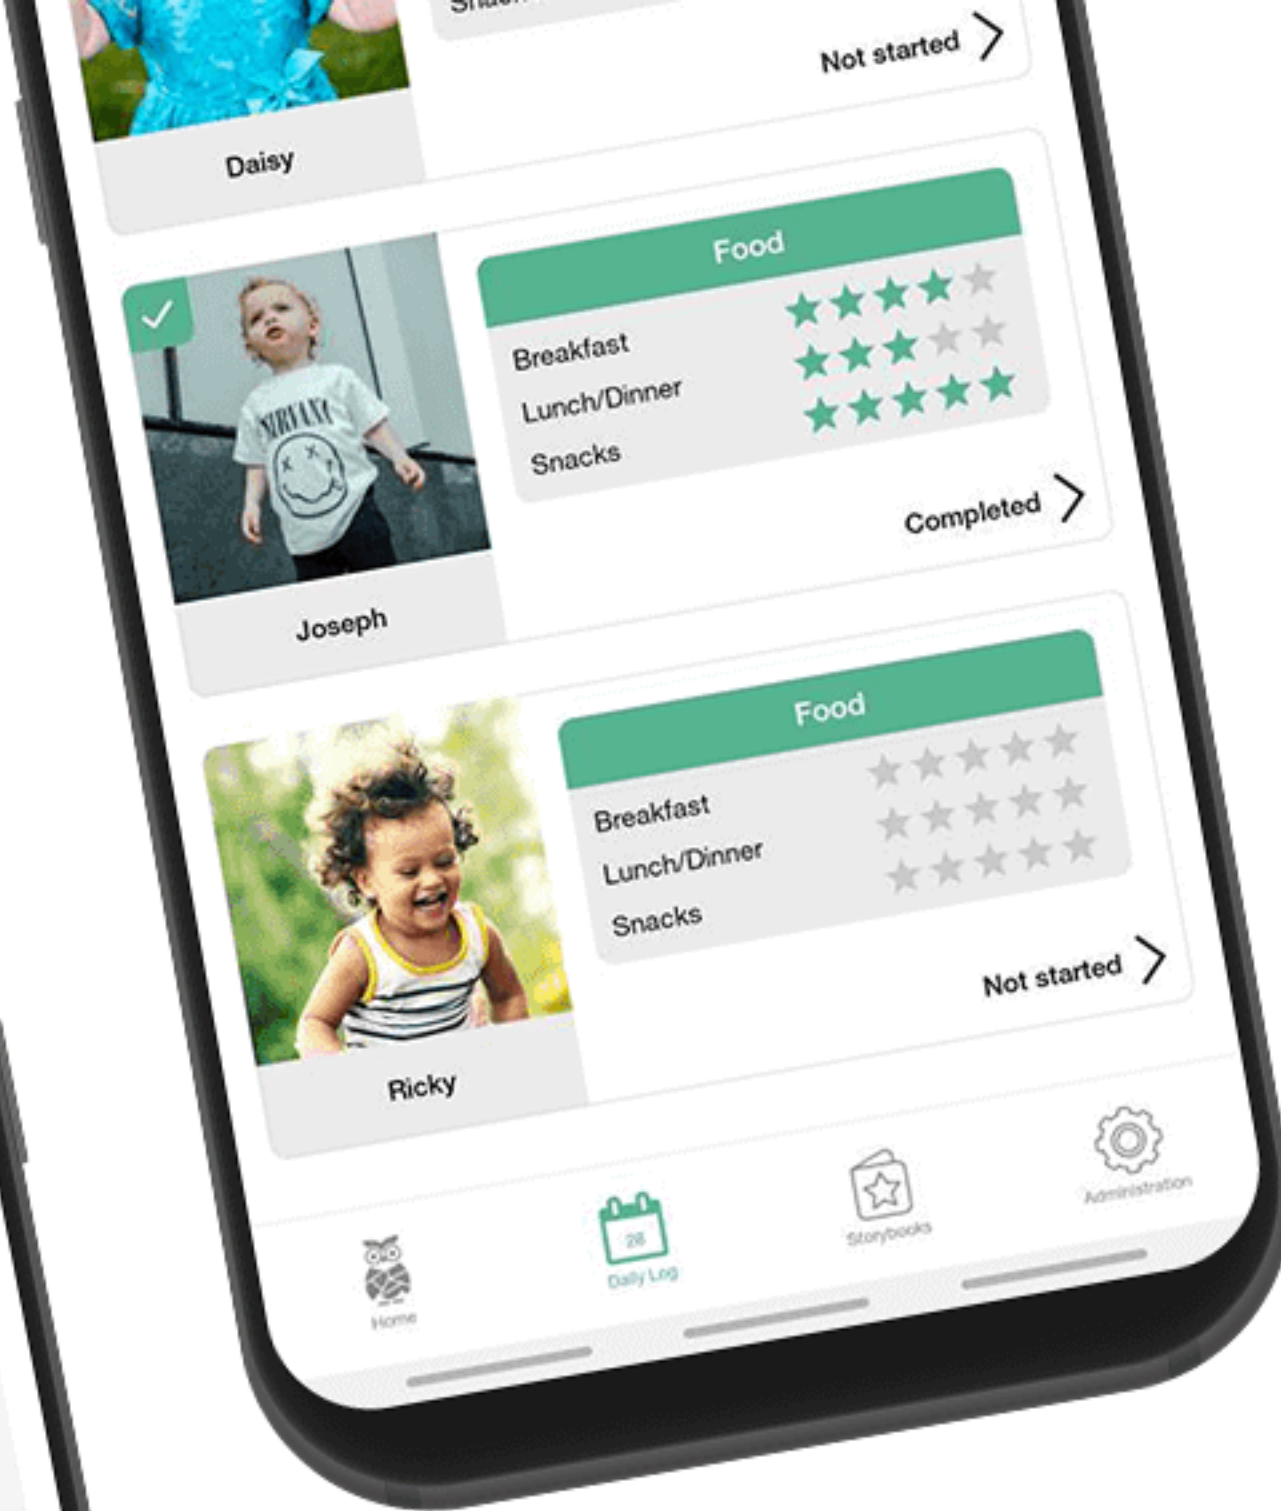

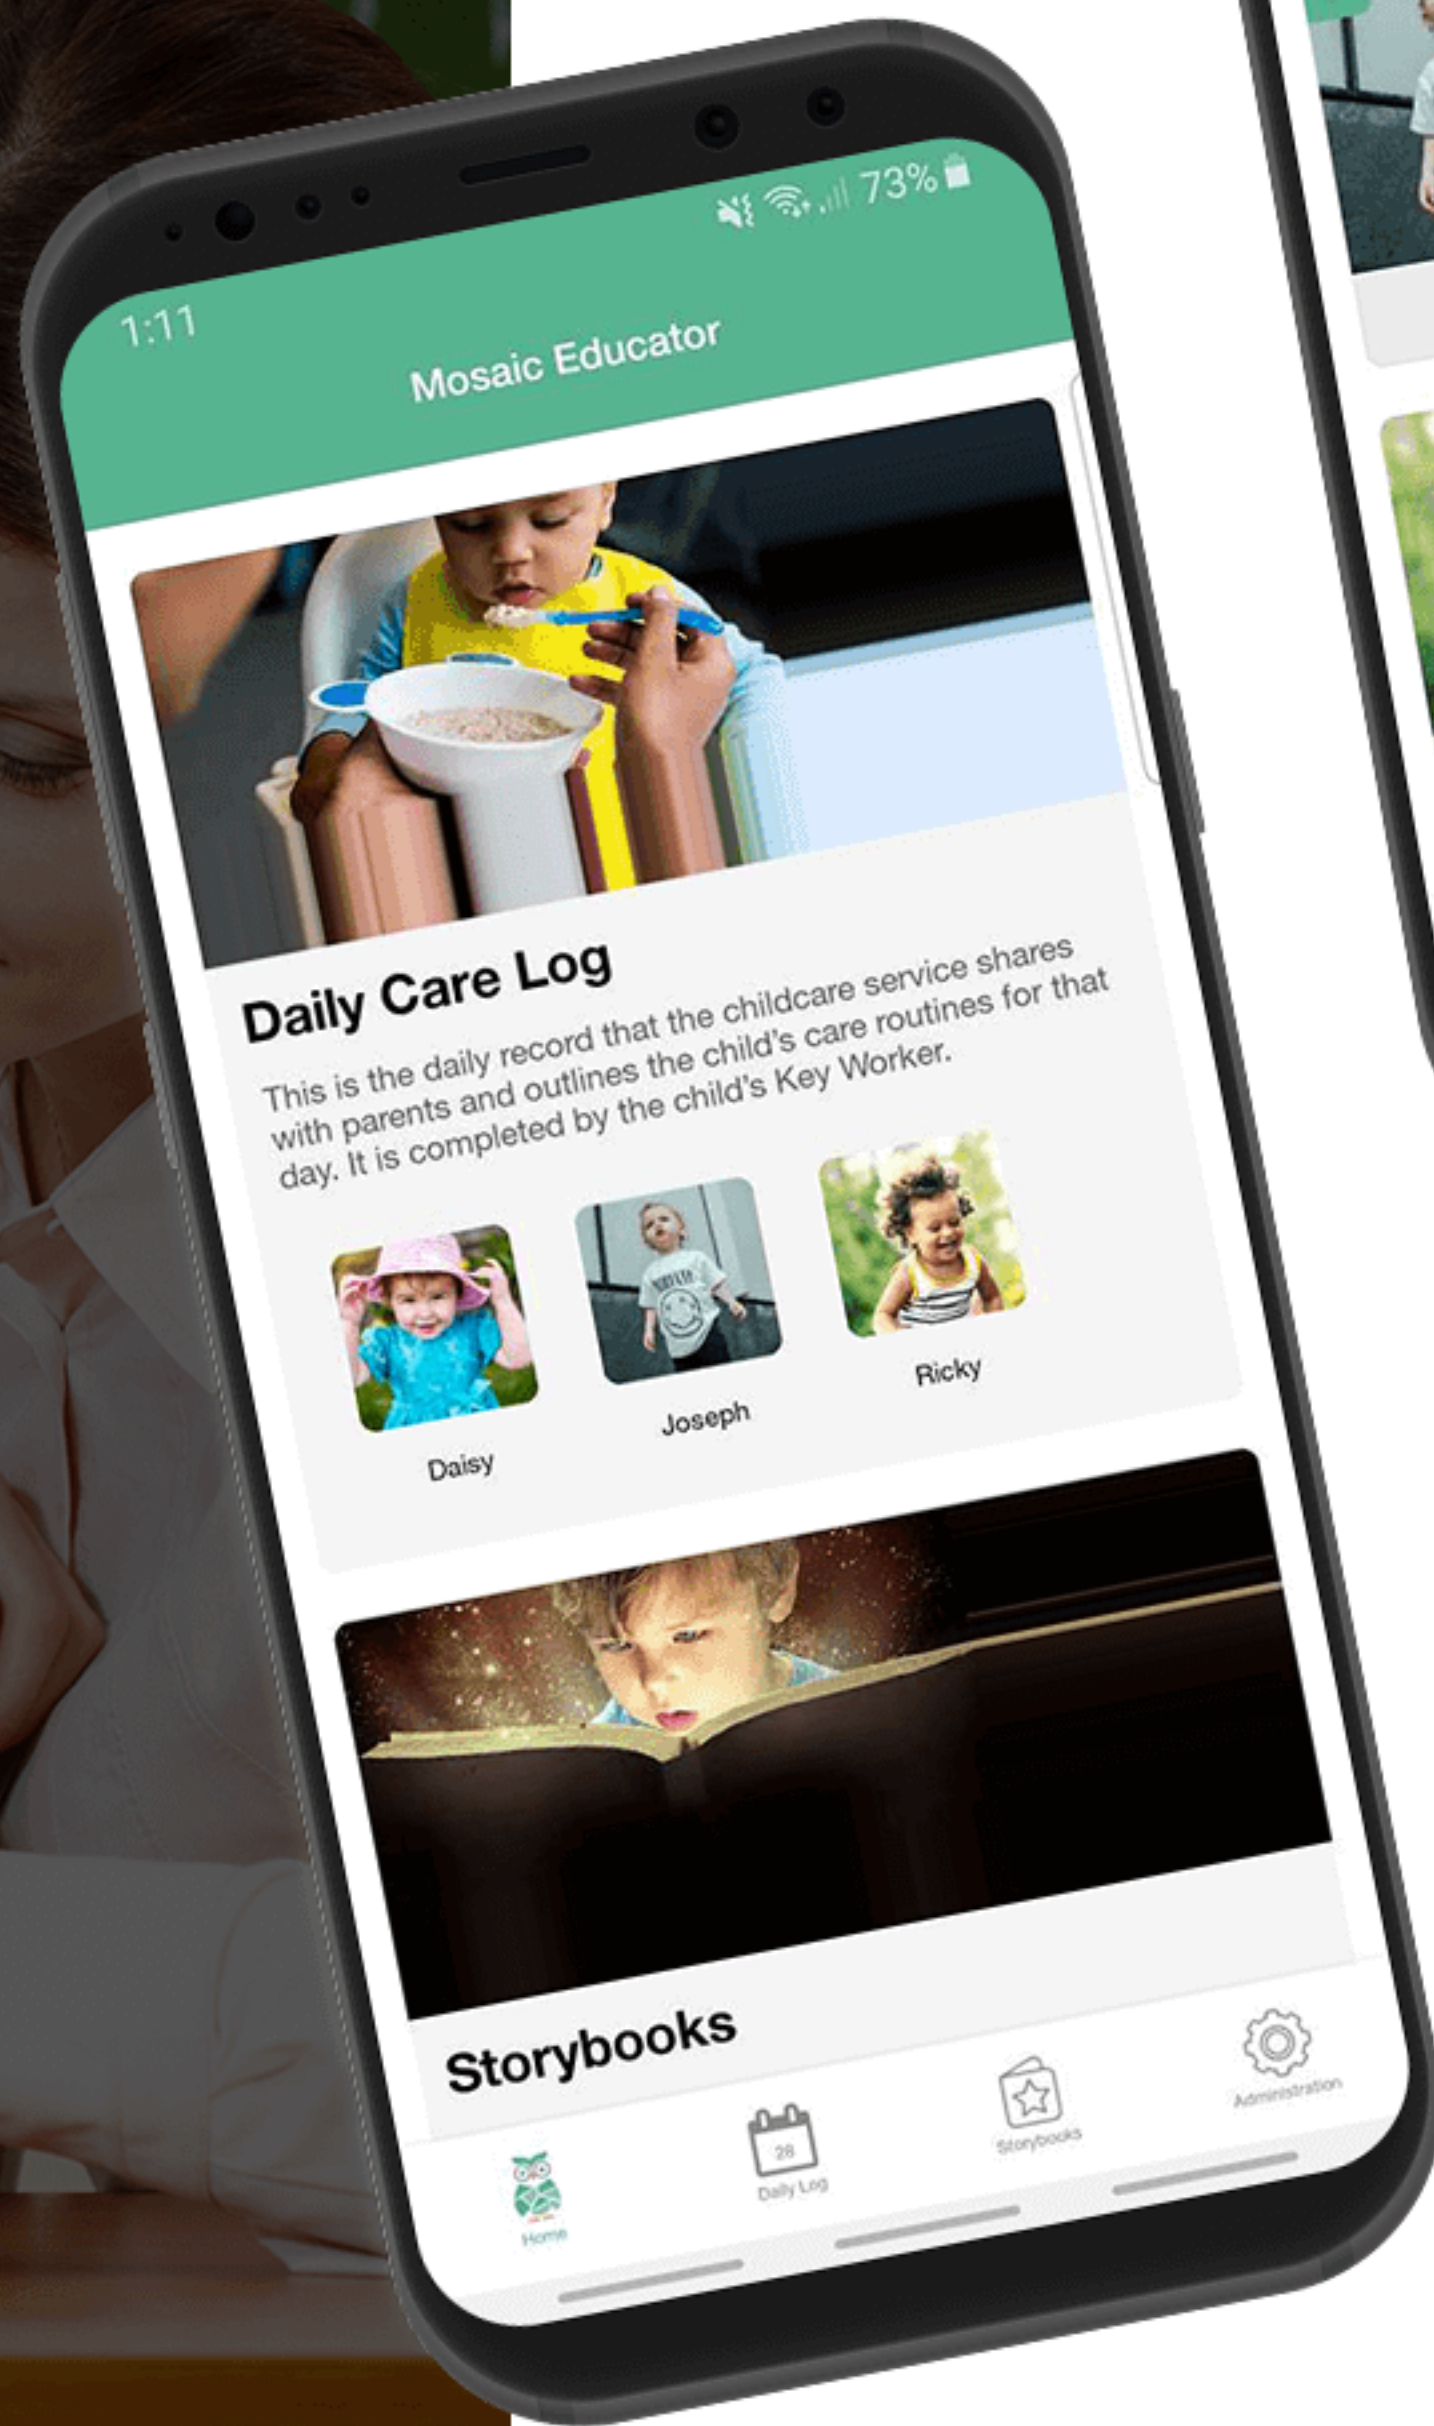

ROBERTO CALDERON

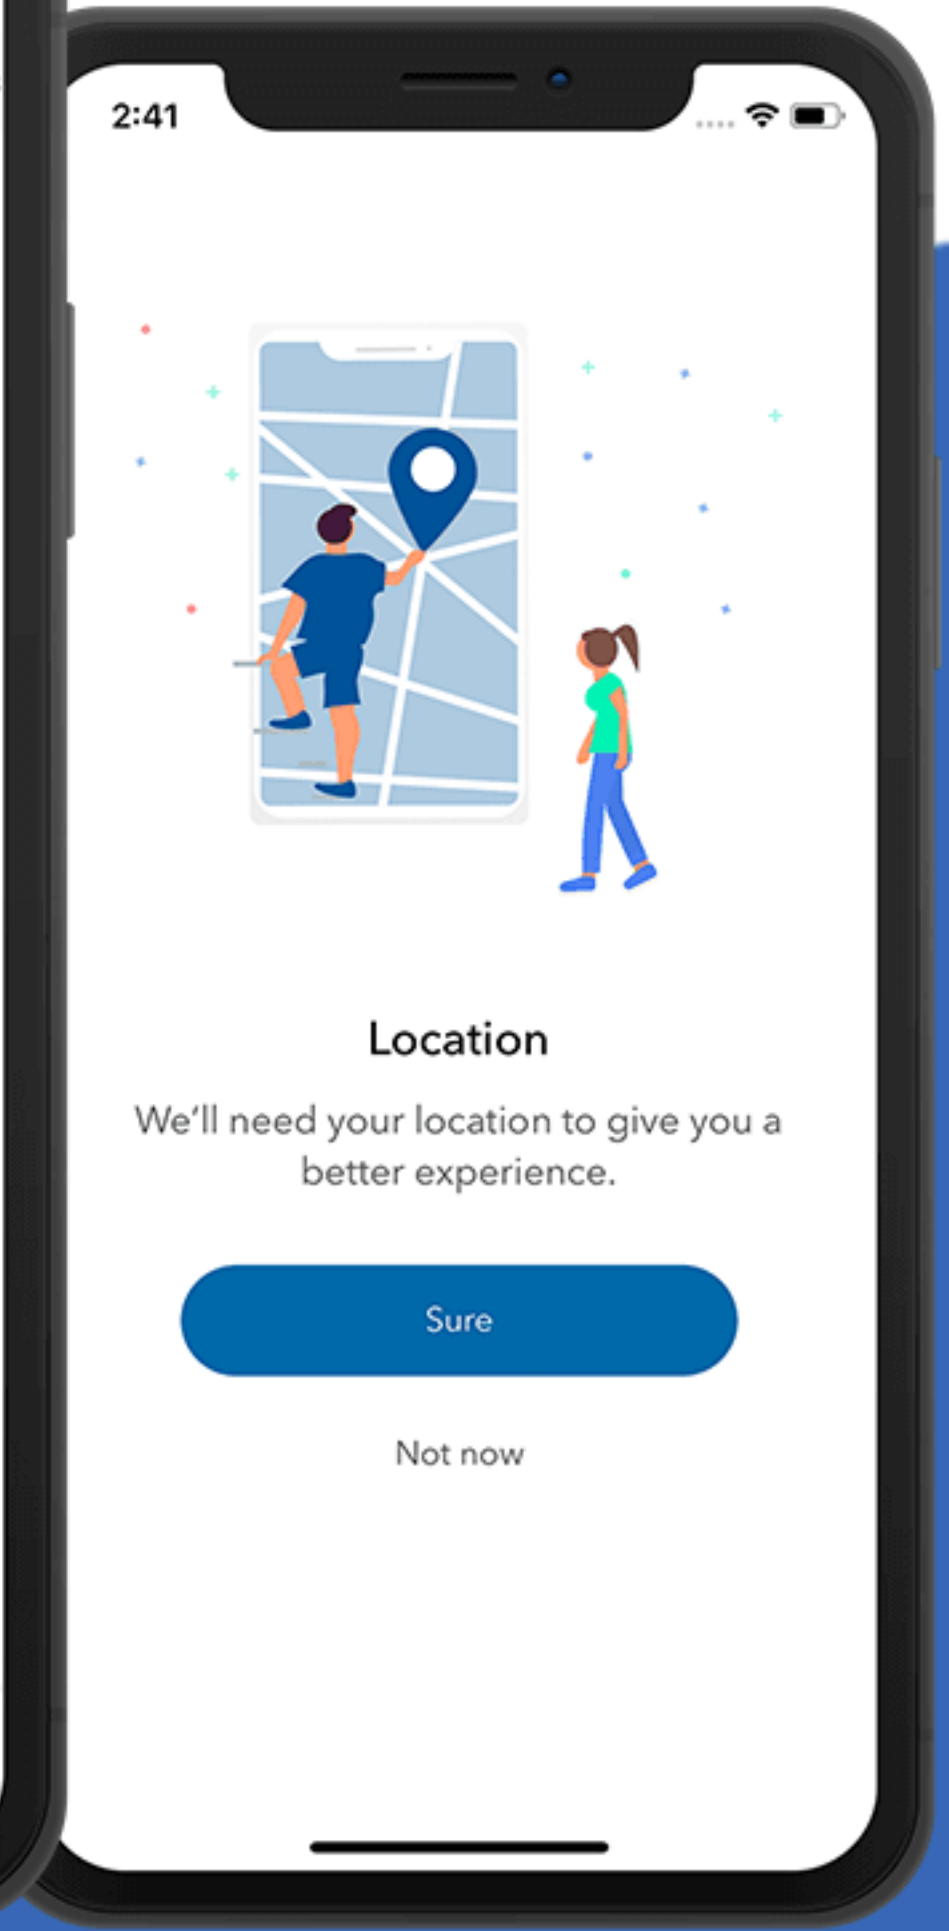

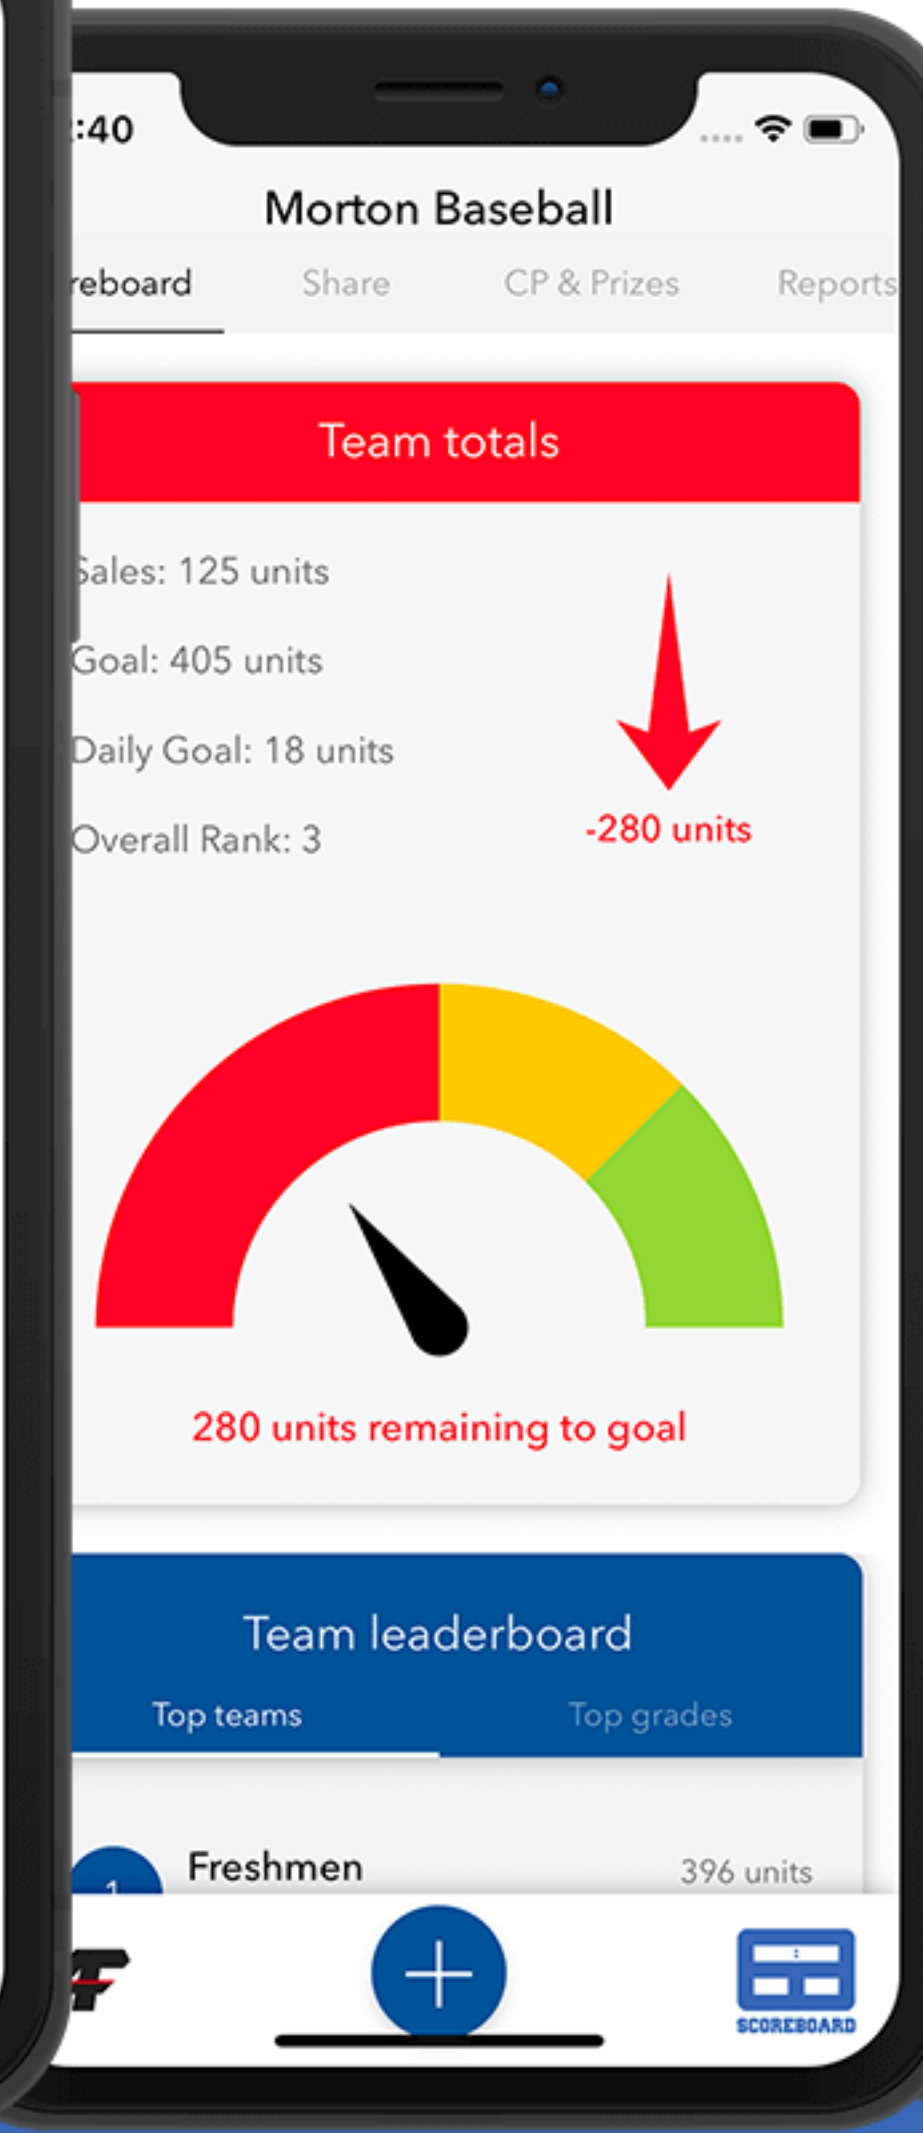

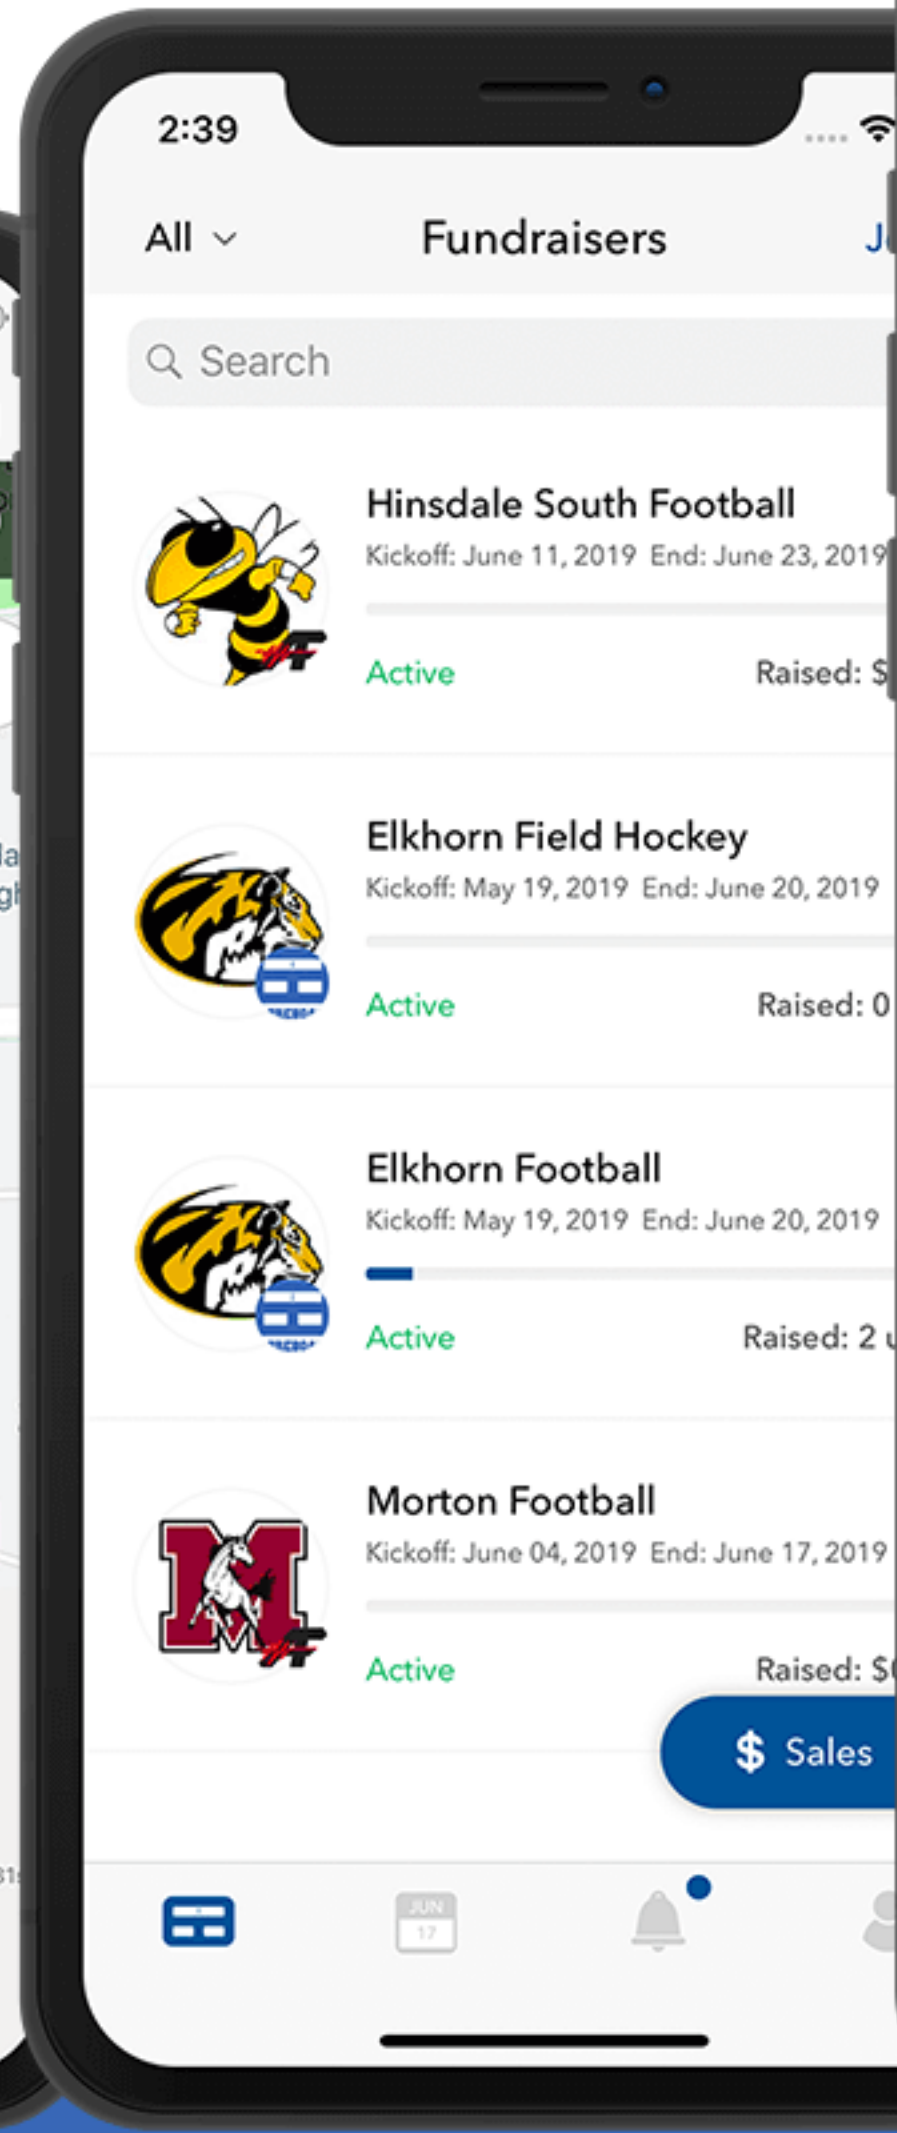

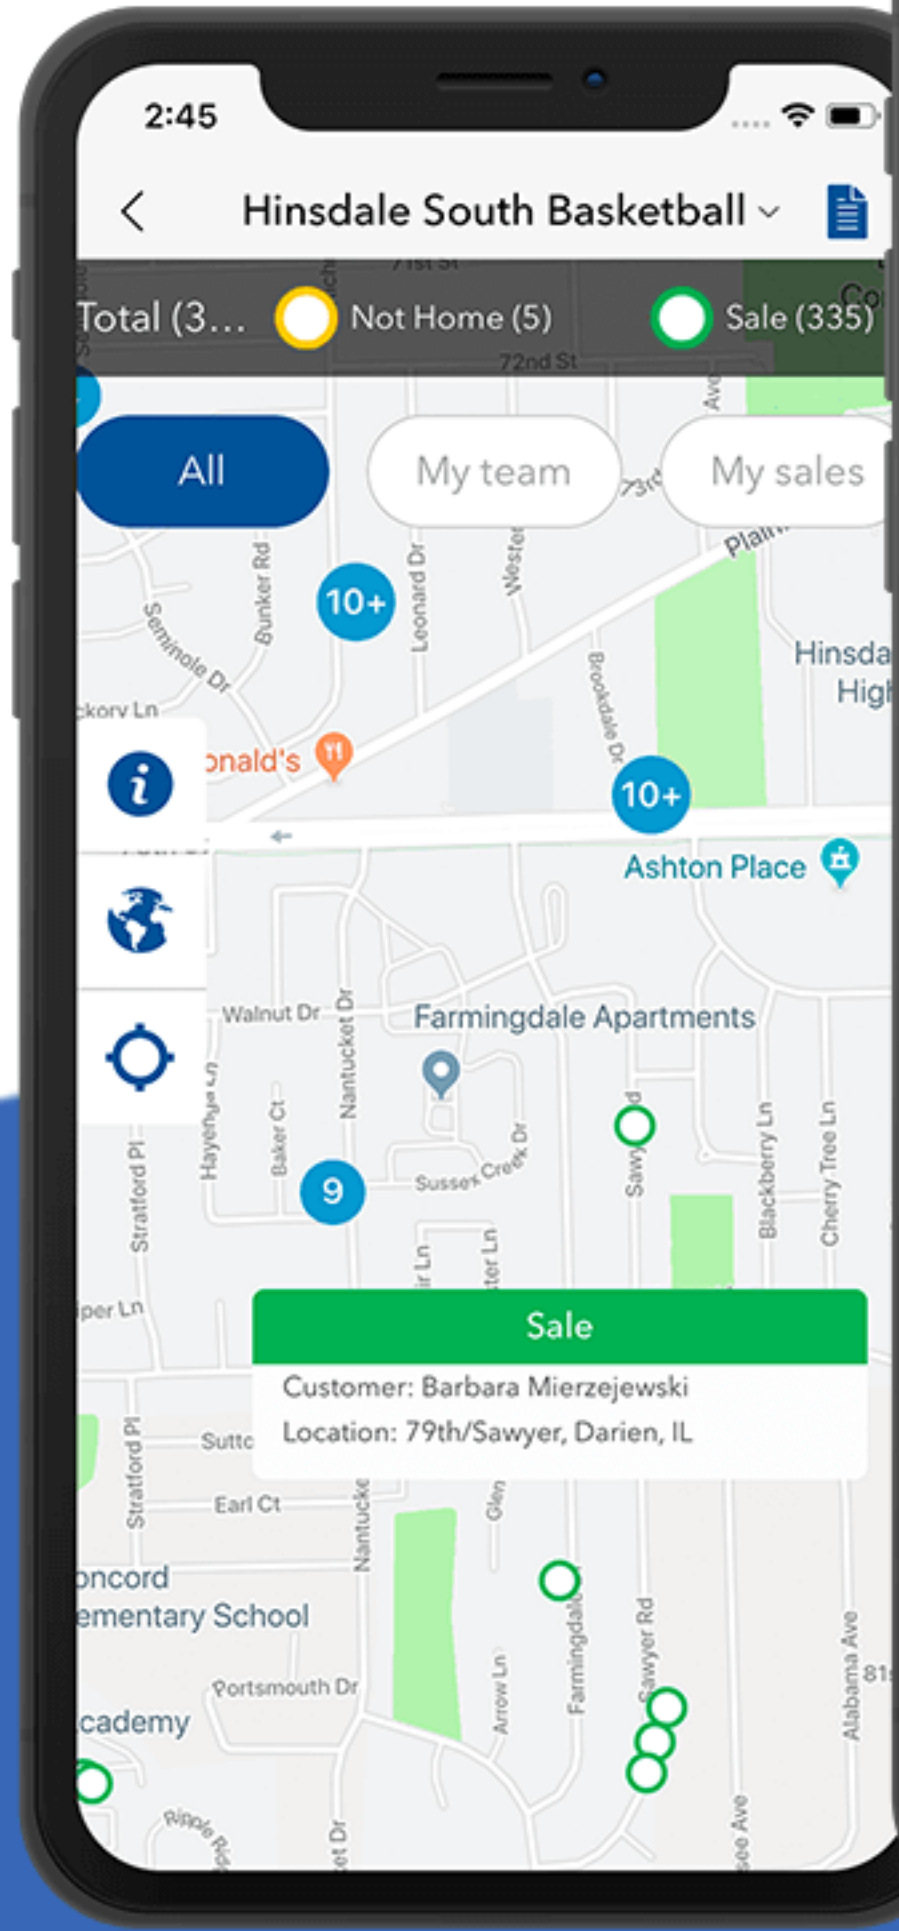

The project's scope changed various times, but the team was flexible and patient throughout. Square Root responded quickly to all queries and was able to provide suggestions on how to make the app better. They were able to find solutions and were skillful during development.
